Subseasonal vs Seasonal

Subseasonal (EEFH)

Newer physics
183 inits / year
11 members
↑ **Temporal sampling**

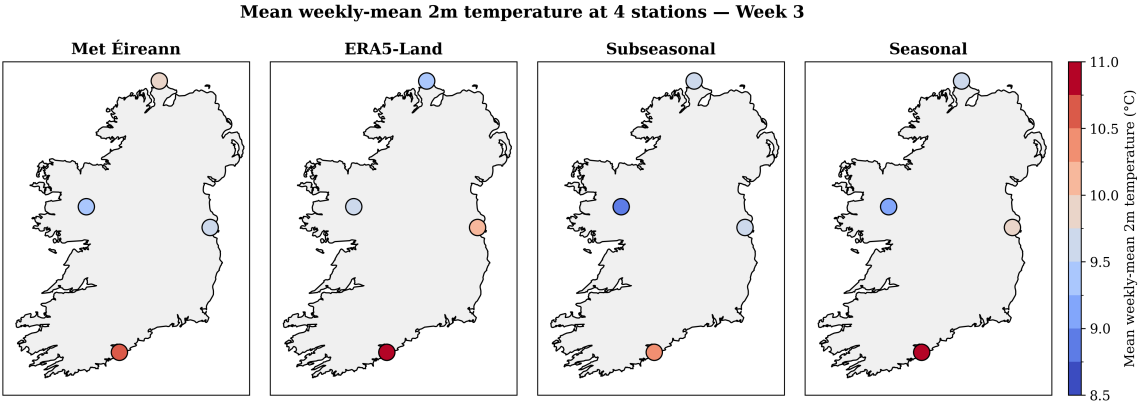
vs

Seasonal (SEAS5)

Older physics
12 inits / year
25 members
↑ **Ensemble sampling**

2006–2016 | 0.3° grid | t2m, tp, ws10

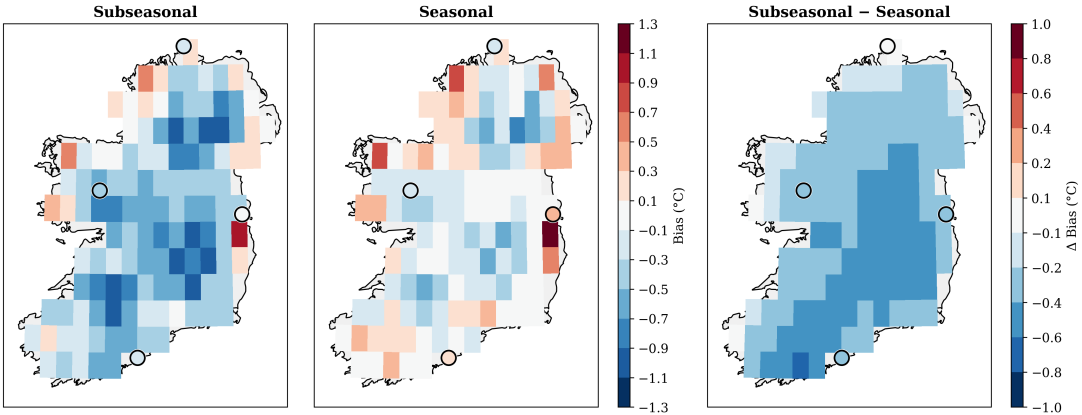
Observation–Forecast Temperature Chain



1. ERA5-Land warm-biased relative to stations

2. Seasonal warmer than subseasonal

Spatial Verification



1. Subseasonal cold bias exaggerated by warm reference
2. Seasonal warm bias is genuine
